BOILER EXPLOSION.

Four Men Instantly Killed at St. Louis.

THREE FATALLY INJURED.

Hours of Torture Endured by the Wounded Men — No Excuse Can Be Given for the Accident, as the Boilers Were New Ones and Just Put in and Had Been Thoroughly Tested.

St. Louis, March 22.—At 3:10 o'clock yesterday afternoon a report reached St. Louis that an explosion had occurred in the works of the Laclede Fire Brick company at Cheltenham, ten being killed and many injured. An alarm of fire brought out engines from the nearest stations. There being no flames to combat, the firemen assisted in the work of rescue. But even the continued efforts of the firemen and the surviving employees did not suffice to release the injured and dying from their torture until they had suffered for hours.

After the second detonation—for there were two explosions following in quick succession—it was stated that one of the firemen of the boiler plant was missing. This soon proved to be a mistake, though his comrades were killed.

For a long time after the first two bodies were removed the men worked in silence, clearing away the debris. Meanwhile the wounded were groaning and imploring those that were free to save them, but the work was of necessity painfully slow, and by reason of the manner in which the debris had fallen, many of the dead were rescued before the wounded could be relieved.

The following were killed in the explosion:

Joe Beckley, an Englishman, bricklayer apprentice, who had been in this country only a short time.
John DuBouché, machinist.
Larry Huzzey, laborer.
R. Diedoke, laborer.

Morgan Inman, laborer, and John Zeger, fireman, are fatally injured. John Sweetner, one of the firemen, was taken from the ruins after 4 o'clock and sent to the hospital. He was crushed about the head, had limbs broken, and was scalded and internally injured. He will die.

The boilers which exploded had just been put in operation yesterday morning. They were of the most approved pattern and workmanship, and had been thoroughly tested last Saturday afternoon. They were in charge of experienced engineers, and no excuse can be given for the accident.

The loss will be confined to the boiler house and battery, the building where the explosion occurred being detached from all others.

The work of rescue ceased at 5 o'clock, it being the belief that all the victims had been taken out.

SENATORIAL FIGHT IN TEXAS.

Red Hot Contest Between Mills and Chilton Soon to Be Ended.

AUSTIN, March 22.—The senatorial fight will be at an end in a few hours. In the meantime the lobbies are crowded and speculation is running high. Nobody seems exactly certain on whom the sword may fall. Mills still sticks to his post in Washington, but the wires are hot. Chilton is here and has his men well in hand, with Governor Hogg guarding the outer circles. It is now claimed that the election of Mills would add 50,000 votes to the third party in Texas.

The Chilton men boldly declare that Mills is not standing on the Democratic platform in regard to the silver question. They claim he is dodging, and his election will dismember to a large extent the platform Democrats. Nearly all the precincts heard from have been instructed for Mills.

Chilton's friends claim for him fifty-two solid and ten more possible votes on the first ballot out of 137 to be cast. Mills' supporters speak for eighty and possibly ninety on the first ballot. The report that Chilton will withdraw after the nomination is gaining ground rapidly.

COAL OPERATORS IN CONFERENCE.

Pittsburg Men Want Reduced Freight Rates to the Lakes.

PITTSBURG, March 22.—A meeting of the coal operators from Ohio and Pittsburg districts was held here yesterday. The meeting was preliminary to another one today, when the freight agents of the roads concerned in the trade in the districts mentioned will hear the views of the operators and decide if possible on some schedule of rates to the lakes.

It is probable that the Pennsylvania company will announce a reduction of about 40 per cent. in rates on coal between Pittsburg and the lakes next year. This move is caused by the breaking of an agreement on the part of Ohio coal operators. Their violations froze the Pittsburg men out of the market, and the railroad company will now come to the aid of Pittsburg operators and, by a sweeping cut in rates, give them the entire market.

CRAWFORDSVILLE, Ind., March 22.—Crawfordsville and Montgomery county are commenting not a little on a love match, resultant of the flag incident in Clark township last fall. Miss Emma Conner, the accomplished defender of the flag, is in constant receipt of costly gold badges, lockets, etc., and has received at least two dozen proposals of marriage. All of these she has refused by return mail, but if indications and rumors are to be given credence she will shortly bestow her hand on E. E. Baker, national organizer of the Patriotic Sons of America. Mr. Baker is very devoted in his attentions, and it is rumored that when spring arrives he will escort Miss Conner to his home in Leadville, Colo., as his bride.

SAW MILL BOILER EXPLODES

Killing Six Men and Injuring Over a Score at East Jordan, Mich.

EAST JORDAN, March 22.—The boiler of the East Jordan Lumber company's mill No. 2, known as the "Big Red Mill," blew up at 7:30 o'clock Monday morning, instantly killing the following persons: William Beach, aged eighteen, unmarried.

Simon Carney, aged twenty-six, unmarried.

Poor Sheldon, aged twenty-two, unmarried.

John Brown, aged twenty, unmarried.

Bert Cook, aged thirty, leaves a widow.

Emanuel Hunt, aged forty, leaves a widow and one child.

Those dangerously injured are: Sanderson Reinhard, injured about limbs.

John Ringle, seriously injured about the head; will die.

Anzo Christy, seriously hurt and recovery doubtful.

James Smith, seriously injured.

In addition a score of other employees were more or less seriously injured.

The mill, valued at \$10,000, is a total wreck. The cause of the explosion is still unknown.

The morning was cold, and the men engaged about the mill were in the engine room waiting for steam to come up. The usual pressure of steam had just been reached, and a part of the men had gone to their posts when the explosion occurred. Those who remained in the engine room were instantly killed.

ALMOST A RIOT.

Pennsylvania Railroad Strike at Indianapolis Becoming Serious.

INDIANAPOLIS, March 22.—The daily attempt of the Pennsylvania Railroad company to bring men to the machine shops to take the places of the strikers came very near precipitating a riot yesterday. Some forty of the strikers were at the shop when the train backed up with some new men. Charles Bigelow, one of the strikers, boarded the train to induce the men not to work, and a detective pushed him from the car. He boarded the car again and struck the detective and one of the strikers hurled a lump of coal at the car.

Bigelow was placed under arrest and the strikers attempted to rescue him, but the car had passed into the yards and several officers appeared and prevented further trouble. As Bigelow was being taken to the station house, the strikers gathered around the patrol wagon and made ugly demonstrations, but trouble was averted by the presence of so many policemen. Bigelow was bailed out at once.

ABNORMAL AFFECTION.

A Hoosier Wife Leaves Her Husband to Live With a Woman.

INDIANAPOLIS, March 22.—Richmond, Ind., now furnishes a story of woman's strange infatuation for woman. Charles Worrall and wife have separated because of Mrs. Worrall's unnatural love for her sister-in-law, Mrs. Marion Worrall, a widow. The women have heretofore been highly esteemed in the community. Mrs. Charles Worrall is a woman of fine attainments, and was at one time a teacher in Earlham college. Mr. Charles Worrall remonstrated with his wife, and tried in every possible way to break off the unnatural alliance between the women, but without effect, and finally an amicable division of the property was made, and the husband and wife separated. The two women have gone to Lorain, O., to live together. Both are handsome and about twenty-five years of age. They say they can live apart.

Plenty of Candidates.

NOBLESVILLE, Ind., March 22.—Noblesville is the home of five persons desiring to be honored by the people. These include Leonard Wild, who is a candidate for state treasurer; Theodore P. Davis, who wants to go as a delegate to the Democratic national convention; Hon. T. E. Boyd, who is a candidate for state senator, and Robert Graham and T. J. Lindlay, who want to go to congress. Hamilton county has never had a state officer chosen from its citizenship, and the people are manifesting considerable interest in Mr. Wild's candidacy.

Left a Million Dollars.

CHILLICOTHE, O., March 22.—Nathaniel Wilson, one of the most substantial citizens of the town, died last night at the age of seventy-six. He was born in Scotland, but came to this country when a young man. He was rated as the heaviest taxpayer on personal property in Ross county, while his whole estate is estimated at \$1,000,000. He leaves four children.

Successful Man Hunt.

CRAWFORDSVILLE, Ind., March 22.—Darlington people spent yesterday man hunting, and after an exciting chase Tom Lyons and Lewis Miller, claiming Boston as their home, were arrested. They were charged with robbing a hardware store, and part of the stolen stuff was found in their possession. They have been received at the Crawfordsville jail.

Judgment Has Begun.

BOSTON, March 22.—Lieutenant C. A. L. Totten, U. S. A., professor of military science and tactics at Yale university, lectured at Music Hall Sunday afternoon on "The New Star of the East." The lieutenant said that March 20, 1892, might be looked upon as the beginning of judgment.

Unrequited Love and Death.

INDIANAPOLIS, March 22.—Miss Nora Denize shot and instantly killed herself yesterday because Harry Ayres showed a disposition not to reciprocate her attachment. Ayres is a widower, and the deceased was thirty-two years of age and a working woman.

KENTUCKY MINERS.

They Have Been Greatly Imposed Upon.

SERIOUS TROUBLE FEARED.

The Men Compelled to Belong to a Certain Life Insurance Company Which Has Not Paid Its Death or Accident Losses—Monthly Assessments Increased Which is Causing No End of Trouble.

PEACH ORCHARD, Ky., March 22.—The miners here are all worked up over a piece of imposition practiced on them by the Great Western Mining and Manufacturing company, which has control of all the mines about here.

The men feel that the bosses are literally stealing their hard-earned money, and trouble is feared at any moment. Some time ago each miner was given a copy of an insurance circular issued by the company, reading as follows:

To our employees: Considering the fact that accident insurance has become a very popular and necessary protection, and believing that our employees would be glad to provide against loss of time and money occasioned by accident we have secured an offer from a prominent and strong accident insurance company, under which we can furnish all our employees with accident insurance at the very low cost of \$1 per month, payable in twelve monthly installments.

This insurance covers you not only while at work, but at home, on the street, and elsewhere, as long as you remain in our employ. The benefits under it are as follows: All medical and surgical attendance for accidents and sickness for yourself and family. In case of accidental injury, not resulting in death, \$10 a week during the time you are unable to work, for a period not to exceed fifty weeks. In case of accidental injury resulting in death, funeral expenses of \$1,000.

Should you desire to avail yourself of these benefits, you can confer with the superintendent, who will furnish you any further information you may desire. GREAT WESTERN MINING AND MANUFACTURING COMPANY.

W. S. HOWELL, General Manager.

These circulars were distributed about the first of last June. Without consulting the majority of the best men at the place the company placed the monthly tax as stated in the circular, on every one, and withheld the amount from his wages. Considerable dissatisfaction was the result; but the most of the men were helpless, while many left their work. There are about 700,000 men, women and children dependent on this company.

After a very short time the company raised the monthly installments to \$1.25 per month with a promise of \$1,500 in case of death by accident. John Phelps and John H. Martin, an Odd Fellow, were killed several months ago by accident, and as the money has not been paid the question arises with the families of those killed, where is the accident company, and what must we do?

The miners are beginning to look at the wording of the circular with doubt. That is all they have on the subject either written or printed, even policies or cards were not issued. The men desire to know all that is due the insured and they think that if the accident company is straight they should not object to being known.

SUNDAY TRAGEDY.

Two Men Go to Church Armed with Guns Which Both Use.

VAN BUREN, Ark., March 22.—Sunday night a tragedy occurred near Fuller, in Scott county, in which Robert Doss and Jefferson Jones were mortally wounded. Doss had been paying attention to Jones' daughter. Wednesday night because of some mischief of which Doss was accused, she refused to allow him to escort her home from church. Several young men began jesting Doss, and a fight ensued in which Doss was badly whipped. Sunday he came to church armed with a double-barreled shotgun and created a sensation by trying to shoot one of his assailants.

Jones, the father of the young lady, who resided within a few yards of the church, crept out and hurried home, and, getting a Winchester rifle, returned and came upon Doss, and ordered him to surrender. Doss turned and advanced on Jones. The latter attempted to hide, but Doss fired before he found shelter, and Jones fell. Jones, now prostrate, returned the fire, and mortally wounded Doss. Both are so badly injured that they can not possibly recover.

ALDERMEN INDICTED.

Chicago Grand Jury Making It Unpleasant for a Number of People.

CHICAGO, March 22.—Late yesterday afternoon indictments were returned by the grand jury against the following aldermen: W. J. O'Brien, Nicholas A. Cremer, Patrick J. Gorman, Phillip Jackson, Stephen M. Gosellin, John F. Dorman and D. R. O'Brien for their connection with the alleged unlawful proceedings in connection with the Economy Gas ordinance.

The charge against W. J. and D. R. O'Brien is bribery and the specification in the other indictments allege conspiracy to do an unlawful act. It is now expected that other indictments will be found at the rate of one a day. All of the indicted aldermen except Gorman, who it is believed has decamped, were arrested and released in \$10,000.

Fertilizer Burned.

NEW YORK, March 22.—The big fertilizer factory of P. White & Son, on Barren Island, was burned yesterday. Conservative estimates of the loss place it at \$25,000, but as the telephone communication with the island has broken, further particulars are arrested.

PRIZE FIGHTERS' FUSS.

Corbett and Mitchell Meet Outside the Ring.

NEW YORK, March 22.—A sensational scene occurred in the lobby of Miner's Bowery theater yesterday evening. Mitchell and Slavin, who had reached the city yesterday, went to the theater. They were armed for a row, it was said, Mitchell having boasted in an uptown saloon that he was going "to do Corbett." Corbett had not yet arrived at the theater when the Mitchell-Slavin party got there, and in the interim of waiting sundry visits were paid to a neighboring bar, where "England's boxing champion" placed himself in fighting trim.

On the entrance of Corbett Mitchell rushed up to the American applying the vilest epithets and causing Corbett to finally say: "Go away; I don't want a row with a drunken man." To this Mitchell returned hearty curses and squared off. Corbett tried to go away, but Mitchell would not have it so, following him up and accusing him of taking away his match with Sullivan and other engagements. A great crowd gathered about the pugilists and great excitement prevailed. Finally Corbett lost his temper and said to his manager: "I can't stand this any longer," at the same time starting for the cursing Englishman. He made one powerful swing at Mitchell, which fell short.

The shouts of the crowd and Corbett's anger seemed to sober the Englishman. He made up his mind that it was about time to get away. He dashed out of the theater and ran up the Bowery. Corbett ran after him for a short distance, but his better judgment soon urged him to desist from the pursuit and he returned to the theater, where he put the crowd in good humor by using Sullivan's remarks: "I'm not in it in a spirit with the Englishman."

Corbett received a most demonstrative reception when he appeared on the stage to spar Jim Daly. He made a brief speech in which he thanked the spectators and concluded as follows: "I'm no barroom fighter, but have always acted as a gentleman. I can whip Mitchell and show that I can do so I will fight him for \$5,000, the fight to take place before I meet Sullivan. Mitchell won't fight. He will find more excuses. He had better leave this city before it gets too hot to hold him, and go back to his English toughs."

Slavin took no part in the disgraceful attack upon Corbett. On the contrary he spoke pleasantly to the Californian and the salutation was returned with fervor. Mitchell and Slavin had quite a serious row in the Hoffman House before they went down to the Bowery. It was during a game of pool that the trouble arose, Slavin taking umbrage at Mitchell's attempt to patronize him by hitting the balls so that he (Slavin) would have an easy thing in pocketing them. The lie passed and Mitchell threatened to whip Slavin, but the matter was quieted down.

SHERMAN NOT A CANDIDATE.

The Senator Says His Name Shall Not Be Used at the Minneapolis Convention.

WASHINGTON, March 22.—"Senator Sherman is not a candidate for the presidency nor will he permit the use of his name by any of his friends in that connection," said the Hon. William Hahn, chairman of the Ohio Republican state committee, in reply to an inquiry as to the attitude of the Ohio senator on the presidential question.

Senator Sherman himself said subsequently, that he was not and would not under any circumstances be a candidate.

There was a time when the Ohio statesman would have been glad of the opportunity to be the standard bearer of his party, but that day has passed, and his most intimate friends say that the presidency has no charms for him. Certainly no man is in a better position to speak for the senator than Mr. Hahn. Among the Republicans of the Ohio delegation there is not a single member who gives utterance to the thought that Senator Sherman is being even considered as a remote possibility.

"Who will be the nominee of the party at Minneapolis? Who will be called to make this fight and be the choice of the delegates from Ohio?"

"The delegates from Ohio," replied Mr. Hahn, "will go to the convention uninstructed. The people of Ohio are for Harrison, and the delegates will be for him also, unless something happens that renders it necessary for them to change for some other man. Whether that change shall come or not does not rest with them. If the delegates from the close states show to the satisfaction of the Ohio delegates that Mr. Harrison cannot carry these doubtful or close states, and the best interests of the party demand that some stronger man should be nominated, then I can safely say that the delegates from my state would be for Governor McKinley. He is the great exponent of protective policy of the party, and if Mr. Harrison is not the proper then he becomes the logical candidate, but as I have said the responsibility for seeking such a change must come from the other states and must be shown to be a matter of imperative necessity."

Postal Clerk Arrested.

OMAHA, March 22.—W. C. Leighty, a postal clerk on the Burlington and Missouri road running from Lincoln to Hastings, was arrested at the latter place yesterday on charges of robbing the mails and using the mails for purposes of blackmail. He tried to blackmail R. C. Outcalt, cashier of the Capital National bank of Lincoln, and was caught by decoy letters. Leighty operated under the alias of Herron.

Indian War Feusions.

WASHINGTON, March 22.—The house committee on pensions yesterday ordered a favorable report on a bill granting a pension of eight dollars a month to the survivors of the Indian wars and their widows. The bill applies to the wars from 1832 to 1852.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

TUESDAY, MARCH 22, 1892.

THAT excellent paper, the National Democrat of Washington, D. C., has resumed business after a suspension of several months, and is once more doing yeoman service for its party.

Here are some pointers for Senator Hill's friends: The poll of the Democrats of South Carolina, now being made by the Charleston News (Dem.) stood at last accounts as follows: Cleveland, 3,154; Hill, 362; other preferences, 577. The St. Louis Republic (Dem.) is taking a Presidential poll of the Democrats of the Arkansas Legislature. The first returns show Grover Cleveland to be the choice of 28 members; Boies, 6; Carlisle, 3; Palmer, 3; Flower, 2; Gorman, 1, and Hill, 1.

The Committee on Elections in the National House has reported in favor of the Republican in the contested election case of Noyes versus Rockwell from New York. The contestants hail from Senator Hill's district, and it is said he was so incensed at a Democratic committee deciding in favor of a Republican that he and the chairman almost came to blows in the committee room. The members of the committee thought the Senator had gone out of his way and was trying to bull-doze them, so they sat down him on in a very emphatic manner.

Such is the story from Washington. Congressman Paynter is a member of the committee and voted in favor of the Republican contestant. Mr. Paynter believes in deciding a case on its merits, and is opposed to patterning after Republican tactics.

A National Scandal.

The Washington correspondent of the Commercial Gazette says: "While the reports of pensions granted sent out from Washington are of greatest interest to those affected, it has been a cause of complaint that only the bare names were given, with no address. It may be explained that the addresses were cut off by order from the Pension Office because such publication gave the pension claim agents here their opportunity, and the preying upon the old pensioners by these professional agents in Washington has become a National scandal. There are men living now in Washington in fine houses, with country homes, seaside cottages, and servants in livery, whose income is from the few dollars raised and scraped together by applicants for pensions, and obtained in many instance under false pretenses. A bill is now before Congress to correct the matter in the matter of the posting of pensioners' names in their counties, and with other provisions to protect them from the pension claim agent sharks."

A Free Trade Trick.

The Cincinnati Enquirer has made a sneak on the Bicycle Combine by securing a car-load of the best high-grade safety cycles, and then offering them singly to its patrons at a less price than agents can buy at wholesale. They claim there is not an ounce of soft iron in the cycles, being all steel; frames and forks of the best quality of imported cold steel tubing.

Messrs. Cane and Sherman, of Alexandria, Texas, write us regarding a remarkable cure of rheumatism there as follows: "The wife of Mr. Wm. Pruitt, the Postmaster here had been bed-ridden with rheumatism for several years. She could get nothing to do her any good. We sold her a bottle of Chamberlain's Pain Balm and she was completely cured by its use. We refer any one to her to verify this statement." Fifty-cent bottles for sale by Power & Reynolds.

SARDIS.

Lef Bratton is in the fancy picture frame industry.

The deep snows and late spring has made a great outcry for provender. Corn and hay are in demand. "Pasha Valley" has a surplus of bright and clean Timothy hay.

Professor Frank Kelley, of Flemingsburg's Commercial College, was here a few days ago en route to 'Olivet to see his best girl. He left a diploma for Joe Briney Grigsby, a graduate of his college.

Dined recently with Mr. and Mrs. W. B. Wiggins at "Lone Bird Cottage". They are very happy in their cozy little two-room cottage, but are receiving the lumber for a four-room and two-hall front which architect Boulden's plans and specifications will materialize into a handsome dwelling.

The Sardisians here had a most enjoyable literary feast. Hugh McLelland, a Lexington student from the College of the Bible, came up from 'Olivet where he has resided once a month, on Monday night, March 14th, and gave us a two hours lecture on Australia. His audience of 400 were pleased and instructed from beginning to close and voted him a first-class talker. He was introduced by County Attorney Osborne, who with Judge Tilton and Professor Keys came up with him from 'Olivet. Our popular teacher, John Gifford, defrayed expenses and the lecture was free to the public.

MAYS LICK.

Feed Pratt's food to your stock this bad weather. It will do them good. J. A. Jackson has it; also the poultry food for fowls.

The mercury on Friday morning dropped several degrees below freezing. The old ground hog is certainly by this getting tired of his winter.

M. F. Stevenson, a prominent farmer and tobacco dealer of this county, had the misfortune to be kicked in the side by a horse Saturday night, but was not seriously injured. Marion says he would rather not be caressed in so emphatic a manner.

Primary day passed off quietly, the nominees being for Trustee, Andy Fisher; Clerk, W. S. Griffith; Assessor, George Hamilton. The Republicans nominated for Trustee, Roland Brittingham; Clerk, G. L. Marvin; Assessor, C. B. Sutton. The kangaroo won't jump at all election in April, and we will have to fall back on old the system of voting by ballot.

There are some people who imagine that the world is entirely wrong unless it goes as they see proper, and the people should do as they want them to. Now, don't it strike you that such ways are not only egotistical but idiotic, and the ones who get such ideas in their narrow-minded craniums are insufferable nuisances.

We don't see why, when a poor man gets drunk (drunk that is the word) that some folks lift up their hands in holy horror and cry out all sorts of punishment for him. A man who is well supplied with the needful can get in the same fix and then it becomes a case of sympathy, awful sorry, etc. Now, is this right? Ought not such a man be held in the same light as the others? We kinder think so.

COUNTY ASSESSOR.

The Bill to Abolish the Office and Confer its Duties on Magistrates Killed.

Representative Pettit bobbed up in the House at Frankfort yesterday morning with another resolution. He wants the Auditor to inform the House as to the salaries paid Circuit, Chancery, Criminal and Common Pleas Judges, etc.; how much is paid Special Judges and Commonwealth Attorneys, etc. He wanted to know if litigation is increasing or decreasing, and whether, if the three-fourths verdict should be adopted, it would entail additional cost on the State. The resolution was adopted.

The Judiciary Committee reported several bills adversely. One of these was Mr. Adams' bill to abolish the office of Assessor, and confer the duties upon the Magistrates of the county. The bill was refused its third reading and was killed. The bill increasing the salary of the State Librarian to \$1,200 per annum was defeated by failing to receive a constitutional majority.

The resolution to appropriate \$750 for a monument to Joel Hart was reported favorably from the committee. The Chair ruled the resolution out of order, one of the same nature having already been tabled. He changed his ruling, however, upon investigation and the bill was ordered to its second reading.

The Senate passed several bills reported by the Revisory Commission, and adopted part of the election report. Senator Newman's amendment to close the polls at 5 o'clock was adopted.

The Joint Committee on judicial redistricting has completed laying off the districts of the State. Of the twenty-nine districts, which is exclusive of four districts allowed by the Constitution to the city of Louisville, only four are reliably Republican, though several of the districts, like the one composed of Campbell County, will be very close. The report of the Joint Committee will probably be adopted as now agreed upon. Franklin, Scott and Bourbon compose the Seventeenth district; Fayette and Woodford, the Eighteenth; Campbell, the Twentieth; Pendleton, Robertson, Harrison, Nicholas and Bath, the Twenty-first; Bracken, Fleming, Mason, Lewis and Greenup, the Twenty-second; Rowan County is placed in the Twenty-third along with Montgomery, Menifee, Morgan and Magoffin; Madison, Clark, Powell and Jessamine compose the Twenty-fourth; Carter, Elliott, Boyd and Lawrence, the Twenty-eighth, and Johnson, Martin, Pike and Floyd, the Twenty-ninth.

Kentucky Central trains are getting to be very regular in their arrival at this point. Nothing like having a good track.

It will not be long before the C. and O. will have nearly 300 miles of double track in operation, almost half the distance between Cincinnati and Newport News.

During the past week the C. and O. has handled more west-bound freight than east-bound, and several engines pass here almost daily, running light, for Huntington, to bring down trains.

THE PUBLIC SCHOOLS.

Additional Notes and Comments by G. W. Blatterman, County Superintendent.

CHOCTAW—DISTRICT NO. 54.

We are happy to state that we call this school district Cedar Hill. It is in the midst of as good a section as can be found in this county and in our entire journey we did not encounter one single "Choctaw," nor did we hear any war whoops, and our scalplock did never once twitch from nervous apprehension. The most objectionable object we encountered is the school house, which is a very indifferent and shabby affair; but we shall not go into particulars, as it will not be long before a new house, well located and a credit to the neighborhood, will be built. Mr. W. E. Gabby is the teacher, a very courteous, well balanced young gentleman and a good scholar. He manifests great interest in his school, and would certainly take more pleasure in it were he better accommodated. Our visit to this school was quite satisfactory as to the conduct of the school. We had not to drive very far to reach the beautiful home of Mr. Worick, where we were most cordially and handsomely entertained at dinner. It is possible we may repeat this frequently.

NORTH FORK—DISTRICT NO. 103—COLORED.

On same date we visited North Fork school (colored) No. 103, but affairs in the school were not progressing very harmoniously, and we prefer not to talk about it. Matters have been adjusted later and all is serene.

G. W. BLATTERMAN, Sup't.

J. P. MANNARD, a tramp claiming Picketon, Va., as his home, was found half frozen in Dead Woman's Hollow, near Ripley. He was in a critical condition at last accounts.

THOMAS MASON was before Mayor Pearce this morning and was fined \$4.90 for disturbing the peace. He was temporary track-walker on the C. and O. yesterday. When he received his pay late in the evening he filled up with liquor and tried to take possession of Miner's shoe store.

THE Paris Gaiety Girls Big Burlesque Company, managed by Rush and Pickett, will appear at the opera house to-night. Everything new in the matter of songs, dances and specialties is promised. An entirely new and original first part and burlesque is said to be a decided novelty. Tickets on sale at Nelson's.

ATTENTION is called to the advertisement of the Houston Narcotic Cure Company of Lexington. This institute was opened two weeks ago, with some of the worst drunkards and morphine slaves of that city as patients, and they are responding to the treatment, having become sober and level-headed.

MAYOR PEARCE fined Lewis Mangan \$20 and costs, Jeff Clayton, \$10 and costs and Wm. Dinger and Jim Huffman, \$5 each and costs this morning for breach of the peace. They took part in the free-for-all fight on Wall street Saturday night. The rest of the accused, mentioned yesterday, were discharged.

THE Republicans of Fleming County have instructed for Mr. William H. Cox, of this city, as first choice for district delegate to the National convention, and Major Burchett as second. They instructed the delegates to the Louisville convention for Bradley, Denny and Wood for delegates-at-large to Minneapolis.

JUDGE PUGH and Drs. Wells and Clark, of Vanceburg, each tackled a bicycle a few days ago, and they now prefer to walk, or ride in some other way. Clark landed in a wire fence, Wells struck the C. and O. track and took a header, and Judge Pugh got too close to the river bank and went over. Some friends were near and fished him out.

HAVING closed out their stoves and tinware, W. L. Thomas & Bro. have moved their stock of queensware and glassware into the store room on Court street immediately at the rear of the old store. They are offering these goods at prices never before offered, and are anxious to close them out as soon as possible. Parties owing the firm will confer a favor by calling and settling their accounts. dtf

EVERY ONE SILENT.

Lord Salisbury's Reply Kept a Profound Secret.

THE BEHRING SEA SITUATION.

It is Believed by Certain Government Officials to Be a Very Serious Question and May Result in War—Instructions to Revenue Cruisers.

WASHINGTON, March 22.—It seems impossible to secure any information respecting the contents of the reply of Lord Salisbury to the note from this government of the 8th inst. Probably not more than half a dozen, certainly not over a dozen, are acquainted with the terms of the reply, and they are maintaining an apparently inviolable silence as to the subject. It is said this is due to the direct request of the president, who desires that the text or tenor of the reply shall not become known until it has been transmitted to congress. When this will be done can not be stated, but the probability is that it will go to congress after the cabinet meeting today.

While directly the sense of the reply can not be learned, some side lights are thrown upon them which, so far as they reveal the substance of the communication, confirm the view already expressed, that it does not materially alter the situation as it existed previous to its receipt. It was said by a treasury official yesterday afternoon that the long delayed instructions to the revenue cruisers are being formulated, now that the reply to Lord Salisbury has been received, and the intimation was plainly given that they would direct the commanders of the cutters to repair to the sealing grounds and protect the seals.

Several officials were shown the United Press cablegram stating that J. W. Lowther, political secretary for the foreign office, had stated in commons yesterday that negotiations were still proceeding on the subject of renewing the *modus vivendi*. They united in saying that Mr. Lowther was endeavoring to say nothing by his remarks; that it was apparent that until negotiations were ended it might be said that they were proceeding. The further statement credited to the New Castle Chronicle that Sir George Baden Powell would long ago have settled the question if allowed, elicited from several of the officials more or less intimacies associated with Sir George in the recent conferences in this city, the perfectly obvious comment that most any of them, if allowed, could settle the question. One of the gentlemen directly associated with Sir George during his stay in Washington said: "We are right, wholly right on this subject, and I hope we shall firmly insist on maintaining our position." Incidentally, while pursuing this branch of the subject it was learned that Sir George Baden Powell will return to Washington, but the occasion or nature of his visit was not made manifest.

ROASTED ALIVE.

A Father, Four Sons and a Daughter Perish in a Burning Building.

SLEEPY EYE, Minn., March 22.—The dwelling of John Lahey, six miles south of Springfield, caught fire about 3 o'clock yesterday morning and Lahey and four sons and one daughter, perished in the flames. The only one of the entire family to escape was a fourteen-year old son, who pulled his father from the building but to late to save his life.

The five children were sleeping upstairs when the fire broke out. Hemmed in by the fire they were unable to escape and the floor broke with their weight, throwing them all into the cellar, where they were roasted alive. The cause of the fire is unknown.

President Montt's Policy.

VALPARAISO, March 22.—The court of appeals has admitted the members of Balmaceda's congress to bail. President Montt desires to prove by deed that he will govern Chile in accordance with public opinion freely expressed and represented by its legitimate organ, congress. The cabinet pledges that it will adopt a course of moderation and act in concord. It adds that nothing is to be gained by partisan struggles. Vacancies will be filled by competent men, irrespective of politics. The finance question, it says, is paramount, and the national interests require that the expenditures be minimized.

Kean's Settlement Stands.

CHICAGO, March 22.—The attempt of a minority of creditors to upset the thirty-five cents on a dollar settlement by S. A. Kean, the Chicago banker who failed for half a million, was defeated in the appellate court. Judge Waterman gave the decision, which reverses Judge Shepard's order appointing E. A. Filkins as receiver.

Printers on a Strike.

ST. PAUL, March 22.—About sixty men and women of the Typographical Union, employed by the West Publishing company, went on a strike at 1 o'clock yesterday because of the employment of more apprentices than the union allows. The firm intend to organize a non-union shop at once.

Bismarck Ill.

BERLIN, March 22.—Prince Bismarck is suffering from a sudden attack of illness. It was his intention to proceed to Ratzburg to attend a meeting of the district assembly there, but his illness has compelled the abandonment of that intention.

A Terrible Drop.

SHAMOKIN, Pa., March 22.—Three loaded coal wagons were dropped 400 feet down the Sterling slope yesterday afternoon by the hoisting engine's machinery breaking. John Humphrey, who was at the bottom of the slope, was instantly killed.

Killed in Africa.

ROME, March 22.—A dispatch from Massowah states that Captain Bettini was killed by Abyssinian bandits recently. An Italian detachment pursued and dispersed the bandits and killed the chief.

CLIMAX OF CRUELTY.

Mexican Bandits Outside the Terrors of Savages.

TOMBSTONE, A. T., March 22.—The Indians have always been known for their devilish ways of torture, but it has remained for a band of Mexican bandits to cap the climax.

"Dutch" Henry's band of horse thieves raided Henry Withers' ranch on the Garritt river recently, driving away all his stock.

Withers started after the band single-handed, and succeeded in shooting down three of them from ambush before they discovered that only one man was pursuing them.

They succeeded in capturing him as he was trying to get away.

Death was his sentence, but shooting was too easy a death.

Withers was taken out on the hot sand beds and left to lie naked for six hours, fully exposed to the sun's rays.

This was not enough, and he was then carried, still nude, to a bed of cactus bushes, where he was laid on the sharp points.

He was bound tightly to a stake, and then a large ant hill, which was near, was torn open with sticks and he was left to his fate.

The insects swarmed out and over Withers' body, and within two hours he was dead from their bites.

The ants did not leave him alone, however, until every particle of flesh was eaten from his bones.

A prisoner of the band was taken where he could witness the whole affair, and was afterward turned loose and told to tell the people that would be the future punishment of all who tried to kill a member of the band.

AT HIS FORGE.

A West Virginia Blacksmith Burned to Death.

POINT PLEASANT, W. Va., March 22.—Late Saturday afternoon Edward Kimberling, a farmer and blacksmith of this county, was found by a passer-by burned to death in his shop about a quarter of a mile from his home. Kimberling was subject to fits, and was working alone.

He had mounted his forge to warm himself, when an attack came, and he fell on the fire and was burned in a horrible manner. When found the fire had just reached two pockets, in each of which was a pocketbook containing a considerable amount of money not yet destroyed. The deceased leaves a wife and four small children.

Was Jewett Durham Murdered?

TOBASCO, O., March 22.—On Saturday afternoon, the dead body of Jewett Durham, a young farmer, was found near his home, an ugly wound in the wrist showing that he had bled to death. A large pool of blood near an old baggage car on the narrow gauge road advances the theory that he was murdered by tramps while returning home on Friday night. The inquest will not be held until Tuesday.

Passenger Car Run Into.

WHEELING, W. Va., March 22.—A freight train on the Monongahela road ran into a passenger car near Fairmount yesterday afternoon, killing W. S. Strothers, one of the passengers. The car took fire and Strothers was burned to death. Four others were seriously hurt.

McDonald Will Contest.

INDIANAPOLIS, March 22.—All prospect of amicably settling the contest of the will of the late Senator Joseph E. McDonald seems to have vanished. The complaint of the contestants avers that the document purporting to be the will of Mr. McDonald, and probated as such, was forged by Mrs. McDonald. This charge is of a nature that seems to preclude the possibility of any friendly settlement of the suit, and the indication now are that there will be a long and bitter fight and expensive litigation.

Wants His Daughter Released.

INDIANAPOLIS, March 22.—David Connott sued out a writ of habeas corpus in the supreme court, room No. 2, yesterday against Sarah F. Keely, superintendent of the girls' reformatory and women's prison, for the release of his daughter, Emma. Mr. Connott alleges that the girl is only fifteen years old; that he is her guardian and that she was illegally committed to the reformatory. Judge Harper will hear the argument in the suit on the last day of next month.

Minister Fearfully Burned.

MANNING, Ia., March 22.—A gasoline stove used in the church to heat water for baptizing exploded, Sunday, and, while being carried out by Rev. Boles, the flames from the burning oil ignited the minister's celluloid cuffs, in an instant his clothes were on fire. Both of his arms were burned and charred in a frightful manner. The attending physicians say his injuries are fatal.

Cannon Ball Train Wrecked.

FINDLAY, O., March 22.—The cannon ball train on the Findlay, Fort Wayne and Western railroad, was wrecked yesterday afternoon near this city. Engineer Alexander Shannon and fireman Whitt, were fatally injured. The accident was caused by a broken rail, the train being ditched. The city marshal, Myers, was among the injured.
